The Commercial Life

Assurance Co. of Canada

Head Office - Edmonton

Incorporated by Special Act of the Parliament
of the Dominion of Canada

Licensed by the Dominion Insurance
Department

The solvency of a company licensed by the Dominion Insurance Department is thoroughly investigated each year by trained auditors from the department. No policyholder of a Dominion chartered company has ever found his policy insecure.

One of the many stringent conditions required of companies, with a Dominion license, is a deposit of \$50,000. The deposit of the Commercial Life is in excess of that required by the Act.

Over and above this deposit, each Dominion chartered company is compelled to maintain reserves considered adequate to guarantee its ability to meet its obligations. These reserves increase with every dollar's worth of insurance written.

Life Men needing the impetus and enthusiasm of a new organization, with the prospect of highly remunerative positions of responsibility, are invited to correspond. Such correspondence will be treated strictly confidential.

Commercial Printing of All Kinds

There is just as much difference in the **STYLE** of printed matter as there is in the style of clothes. And the right **STYLE** helps to put the message over—helps to give the proper effect—helps to **REPRESENT** the **SENDER** as he wants to be represented.

Our printing has the right style.

It costs no more to mail **GOOD** printed matter than poor—but the results are **VERY MUCH DIFFERENT**.

Catalog Makers

Our experience in this line is extensive, our equipment ample. We can take up your catalog at **ANY** point, and carry it to completion.

Our service includes compiling, planning, editing, illustrating, printing, binding, wrapping and mailing. You can use any part of it that fits your needs.

Legal and Professional Printing

On Appeal Books our service is especially appreciated, because we can do **QUICK WORK**, and **WE DELIVER WHEN WE SAY WE WILL**.

Our proofreading room is dependable. You'll find very few errors, if any, in the proofs we send you.

Professional printing of all kinds, particularly that of a scientific or technical nature, is not easily found—done the right way. Our experience in this line enables us to give our customers complete satisfaction.

**Proper Equipment and
the Right Spirit**

THE DOUGLAS

Service-Delivery

Loose Leaf Devices of All Kinds

Ledgers, Cash Books, Synoptics, Columnar Books, Sheets, Transfers, Binders—whatever is needed in a business office, for accounting work.

We make sheets for any binder, and binders for any sheets.

We carry in stock at all times a complete line of standard Loose Leaf sheets.

We can assist you in designing special systems, or adapting your present system to meet more exacting requirements.

Blank Books

Our stock of standard Blank Books is very comprehensive. But if you do not find what you want, or if special ruling and printing is required, we can make up promptly anything you may order.

Douglas books and systems of account are leaders throughout all Western Canada.

Complete Advertising Service

The printed word is so essential in the field of sales promotion, that practically no printed matter should be put out without having the scrutiny, and, if necessary, the editing, of someone trained in the theory and practice of advertising.

If you do not have an experienced advertising man in your organization, put it up to us to see that your printed matter is RIGHT, from the advertising standpoint.

We are prepared to plan, write, illustrate, as well as print, good advertising—advertising that has the appearance, the snap, and the punch.

Consult us on any matter of direct advertising. It is to our interest, as well as yours, that your printed matter shall bring RESULTS.

Introductory

THE PUBLISHERS take pleasure in presenting herewith the Fifteenth Annual Edition of Henderson's Edmonton Directory, comprising the territory of the City proper and all adjoining subdivisions.

The Advertising Department presents the names of corporations, firms and individuals who have made Edmonton the great city that it is, and who are a power in the financial, industrial and commercial world of Western Canada.

The Miscellaneous Section in the front part of the volume, contains statistics and information, much of which is not to be found elsewhere in print.

The value of the street section is not appreciated, perhaps, by some who desire to find a certain house on a street unfamiliar to them to the extent it should be. By application of the following example the location of any street number can be found expeditiously: Suppose 11215 65th Street is wanted: refer to street section 65th Street—glance down to 11215, then to the nearest intersection to 11215. It will be found that this number is on the east side of the street, two houses north of 112th, between 112th and 113th Avenues.

The Classified Directory contains a complete alphabetically arranged list of all articles manufactured and sold in Edmonton, which forms a most efficient wholesale and retail buyer's guide.

The Edmonton Directory is placed in the Directory and Public Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference and the city it represents as a splendid standing advertisement, for no other publication can convey such an idea of the city, its business interests and all the various institutions and organizations. Few people realize what splendid publicity this affords the City and its industries.

1920 population of Greater Edmonton, 69,943.

These figures deal with Greater Edmonton, and are an estimate only, based upon the number of names the Directory contains. It is not a census.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and fully appreciate the confidence which the business and professional men of Edmonton have always shown in their publications.

Greater Edmonton

Incorporated in 1901 when it had only about 3,000 inhabitants, the city of Edmonton has grown to such an extent as to now number over 60,150.

Edmonton is the chief distributing point in a territory of 200,000 square miles and has also a marvellously rich tributary country at the north and west.

Edmonton has taken time by the forelock in the matter of public parks and has 801 acres of land for this purpose.

The city is spreading out industrially; there are enormous coal beds directly under Edmonton, and thirty mines are worked. Industrial sites, at low rental, are leased by the city, which supplies power, light and water at cost. Apart from these mines, borings for natural gas are now being made and there seems no reason to doubt that this valuable asset to a city will be added to the already large number of important attributes which Edmonton enjoys.

Edmonton municipality owns and controls its water and lighting systems, as well as its street railway franchise, all being under the management of its commissioners. The telephone system belongs also to the city.

As the capital of the province and its educational centre, Edmonton has twenty excellent public schools, equipped with the most modern requirements and

follow approved educational lines from primary to collegiate grades. There are four good colleges for higher education—the University of Alberta, Robertson Presbyterian, the Oblate Fathers' College and Alberta College with an excellent preparatory school in the Westward Ho! School for Boys. The Alberta School and McTavish Business College give complete business courses of instruction.

Three great railway systems centre on Edmonton—the Grand Trunk Pacific, the Canadian Pacific and the Canadian National. The Canadian Pacific has built a high level bridge and terminal facilities at a cost of \$2,500,000. The Grand Trunk Pacific has finished its latest hotel at a cost of \$2,000,000.

Edmonton is the chief central point of the Edmonton, Yukon and Pacific Railway, the Dunvegan, Peace River and British Columbia and the Alberta and Northwestern Railway. These roads are under construction.

Already the home market swallows up all that is locally produced, and good prices are assured for those bringing their products into Edmonton. This industry could be better extended, as poultry and farm produce, vegetables and fruits have to be brought in from California and other places. No more profitable business could be indulged in than this.

Henderson's Edmonton Street and Avenue Directory

Including
Ready Reference Guides of Old and New Street Names,
for 1920

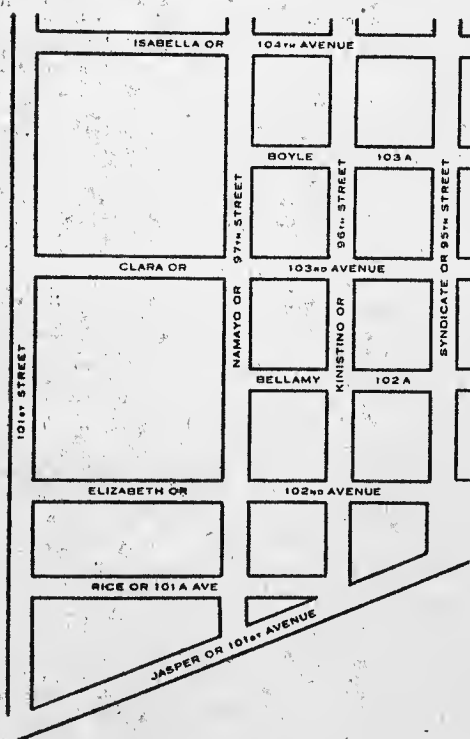

All Numerical System of Street Naming and House Numbering Plan

Streets run North and South, odd numbers South side ; Avenues run East and West, odd numbers East side.

Streets are numbered from the East. Avenues are numbered from the South. Old 1st Street is 101st Street. Jasper Avenue is 101st Avenue.

Short avenues and short streets have an A number.

The East and South have the small numbers. The North and West parts have large numbers.

The original names of the following Avenues and Streets have been retained in this issue of the Directory: Jasper Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets.

Examples House Numbering

1. 10312 on 96th Street. 12 is the house number as it is the last two figures. 103 is the First Avenue south of that block on 96th Street.

2. 10348 on 95th Street. 48 is the house number, 103 is the Avenue south, 95th Street.

3. 9624 on 102nd Avenue. House No. 24, 96th Street is the first street east of that house. The house is between 96th and 97th Streets.

NOTE—The arrangement of the following Street and Avenue Directory is in numerical order, with avenues preceding streets. Avenues and streets not numerically named appear first in Alphabetical Order. The arrangement by direction is East, West, South and North.

Where the odd and even numbers on an Avenue or Street are separated, the South Side (odd numbers) on Avenues appear first, and the East Side (odd numbers) appear first on Streets.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out.
